

To,

Madam M.C Pankaja

Co-ordinator

Prasanna Counselling Centre

Dear Madam,

They say the true meaning of life is to plant trees, under whose shade you do not expect to sit. I had not come across in my life many people who actually could do something for others with no expectation from them. But when I met you I knew you were one of them. I'd like to take a moment to thank you for hosting my internship over the last 4 months. It has been an invaluable experience for me and I hope I was able to provide some value to you as well.

At the outset I want to thank you and the Management of Hindu Seva Pratishthana for giving me an opportunity to serve as an inter in your esteemed organization. I have gained valuable insights over the last four months.

I know that training a new intern was a lot of work for you and I appreciate your time and patience in answering all my questions and finding interesting tasks for me to do. You are a capable and caring individual, and you have helped me not only with my technical skills, but also with my tactical skills, as well as my overall development as a counsellor. You set a fine example as a counsellor and motivate me to strive to set a fine example as a counsellor, myself. Your abilities to fine tune technical skills, as well as to offer guidance on 'the big picture' are something that few people can offer. Your obvious desire to connect with and help people really strikes a chord with me. I feel extremely blessed to have had you as my guide.

Working with you has taught me more about Counselling and Guidance than my two full years at the university. Your breadth of knowledge, as well as the varied tasks that Prasanna Counselling Centre manages provided an environment that was both exciting and challenging. I am greatly thankful to the entire team of counsellors and Psychiatrists at PCC for supporting and enabling this learning process.

My special thanks to the Coordinators Smt Parimala, Smt Saraswathi and Smt Yashodha for being so warm and helpful.

As I move forward in my professional endeavours, I will take with me all that I learned under your guidance. If there is ever anything I could do for you or the rest of the team, please let me know. I will miss the relationships I've formed over the last few months, and I would be more than thrilled to find myself amongst you all once again.

I know 'thank you' cannot say it all but that is the only alternative I can find to express my heartfelt gratitude and respect I have for you.

May the almighty bless you with lots of good health and happiness.

With Lots of Gratitude and Love,

Warm Regards

Sushma Kashi
